..... Suggested date of delivery

width of sliding frame	height *** (enter one of following)		width of top and bottom guide channel	top guide channel [A/D]	bottom guide channel [A/B/C]	quantity [pcs]	colour of profiles and guide channels	colour of net	mounting height of the crossbar from the bottom edge of the frame**	notes
	height of sliding frame [mm]	total height with guide channels [mm]								

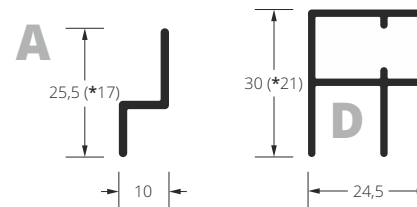

Available colours of profiles and guide channels: white, dark brown, anthracite, walnut (surcharge), golden oak (surcharge), winchester (surcharge), any RAL colour (surcharge).

Available colours of net: gray or black.

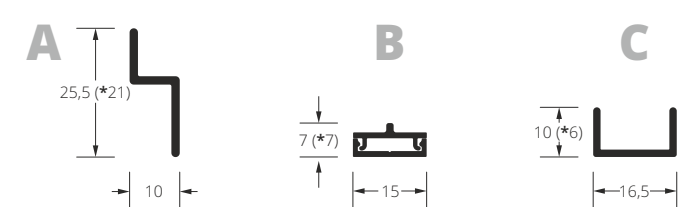

*** The purchaser enters the height of the movable frame or the total height of the mosquito net - i.e. the height with guides.

** In case you don't indicate the crossbar installation height, it will be installed in the middle of insect screen (for sliding frame that exceeds 1100 mm width or/and 2200 height).

Top guide channels.

Bottom guide channels.

* these are values that should be added to the height of the movable frame to obtain the total height of the insect screen in particular configurations of guides.
